

LandingPage Promotion Popup

Module for PrestaShop v.1.4 o higher

This module for PrestaShop allows you to add a static promotional image or banner in the home of your store, along with a link associated with it.

Module installation

To install the module should be directed to the tab 'modules' of the back office of prestashop and select 'Add a module from my computer'. It opens a window where you select the ZIP file you downloaded to buy this product and once selected, click on the button 'Upload this module'.

Module Settings

LandingPage Promotion 1.7

Description of fields:

- **Active:** Allows to enable or disable the banner or promotional image.
- **Width:** Popup width in pixels.
- **Height:** Popup height in pixels.
- **Banner image:** Select the background image, keep in mind that the center of the image must have enough space to fit the content of your page. (Configure by language)
- **Banner URL:** Web address to which you want to be accessed when a customer click on the background. (Configure by language)

Result

The screenshot shows a website interface with a prominent promotional banner. The banner features the text "10% dto en toda nuestra gama Ipod Touch Sólo hasta el 11/11/2012" and an image of an iPod Touch displaying a game. A circular button with the text "CLICK AQUÍ" is positioned to the left of the device. The background of the banner is white with a subtle gradient. The website's navigation menu is visible on the left, and the footer contains pricing information and a link to "Todas las promociones especiales".
