Module for PrestaShop v.1.4 or higher

This module for PrestaShop allows you to improve the SEO of your online store with those keywords (keywords) for which it has been found more often by customers in the most relevant search engines (Google, Yahoo, AOL, Bing).

Step 1. Module Installation

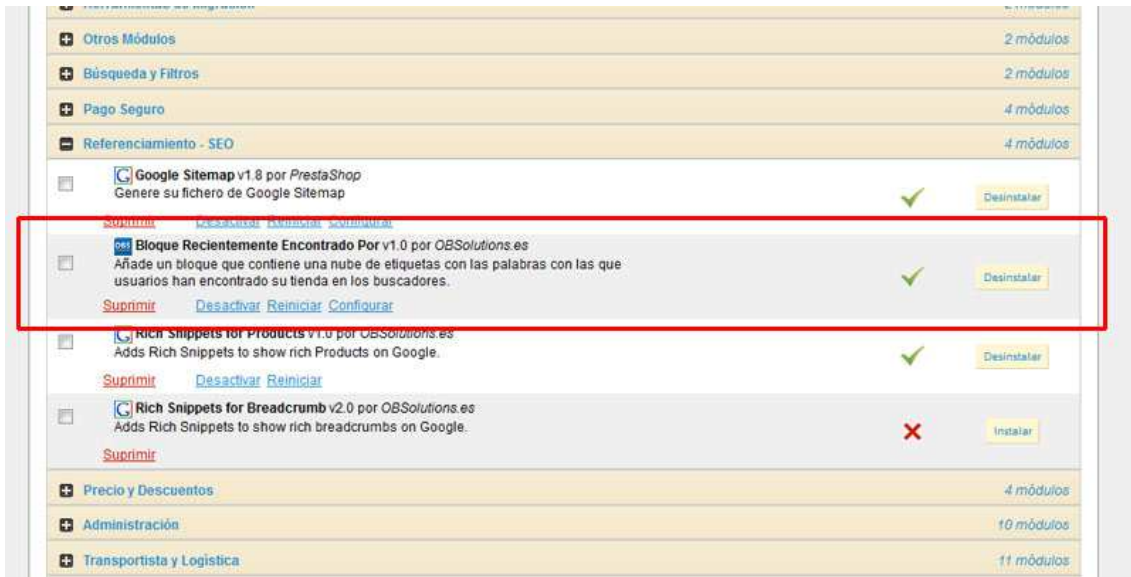

To install the module should be directed to the tab '**modules**' of the back office of prestashop and select '**Add a module from my computer**'. It opens a window where you select the ZIP file you downloaded to buy this product and once selected, click on the button '**Upload this module**'.

¡IMPORTANT!

To operate this module must be installed and activated the module PrestaShop official '**Keywords in the search engine**' (sekeywords) that comes by default in the installation of Prestashop.

Step 2. Configuration

To configure the module must be accessed from the 'modules' tab in the drop-down 'SEO' and click on the Configure button that accompanies the module.

Once inside the module configuration you will see all the settings that we describe below:

Recently found block

Tags displayed: Number of keywords to be displayed in the block.

Which searches to show: Type of keywords, available options:

- Most recent keywords
- Most found keywords (all time)
- Most found keywords (last 30 days)
- Most found keywords (last 24 hours)

Exclude words: List of words to be excluded.

Show keywords: Format used to display keywords in the block, options:

- Inline
- One per line

Link keywords to search engine: Generate a link for each keyword search link for that combination of words in the search engine of your store.

Sample: The table on the right will display the keywords that are displayed.

¡IMPORTANT!

If your online store is fairly new, it is possible that the keywords list is empty, since not yet generated enough searches that lead to your store from a browser.

Step 3. See the result

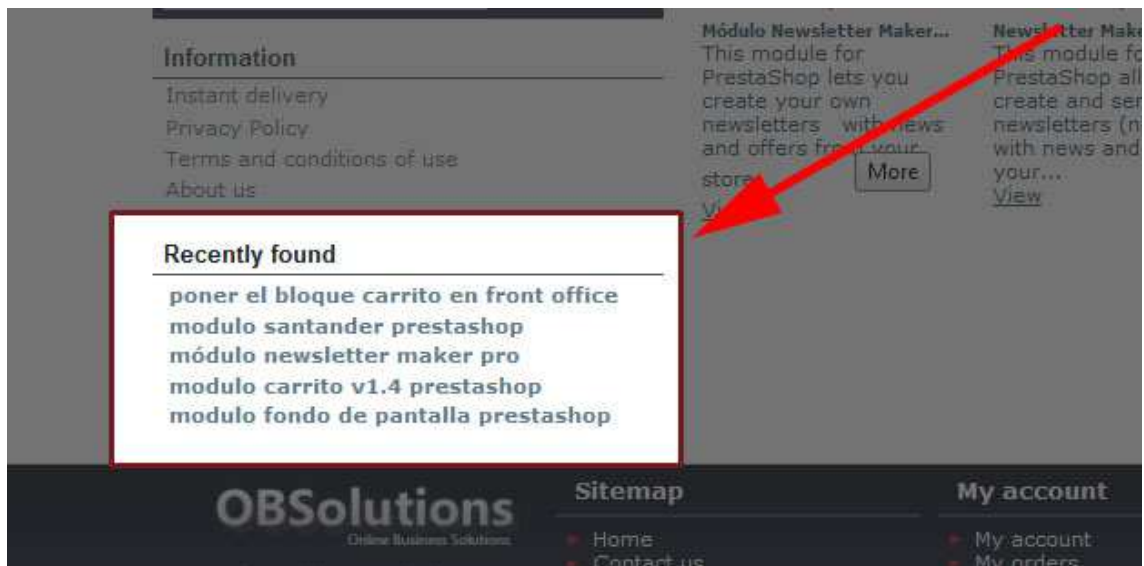

The screenshot displays a PrestaShop store interface with a grid of modules for sale. The grid contains 16 items, each with a product image, a title, a description, and a price. A red box highlights the 'Recently found' section, which lists search results for 'poner el bloque carrito en front office', 'módulo santander prestashop', 'módulo newsletter maker pro', 'módulo carrito v1.4 prestashop', and 'modulo fondo de pantalla prestashop'. A red arrow points from this box to the 'Newsletter Maker Pro Module' product card in the grid.
