

User Manual

Attributes Description – Prestashop 1.6 & 1.7

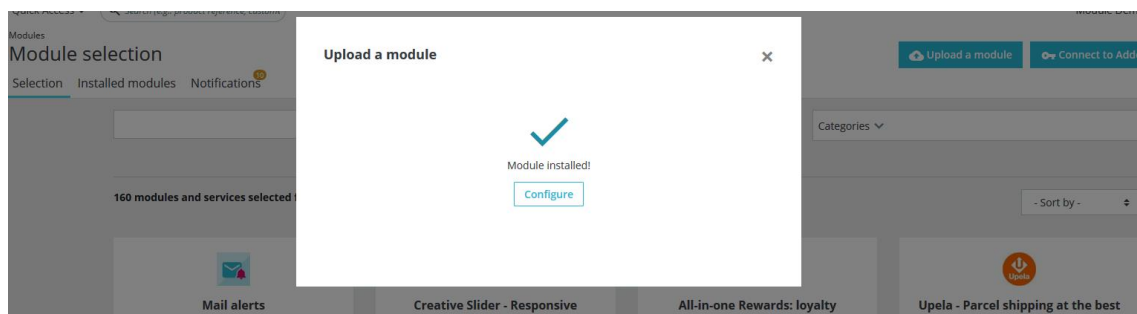

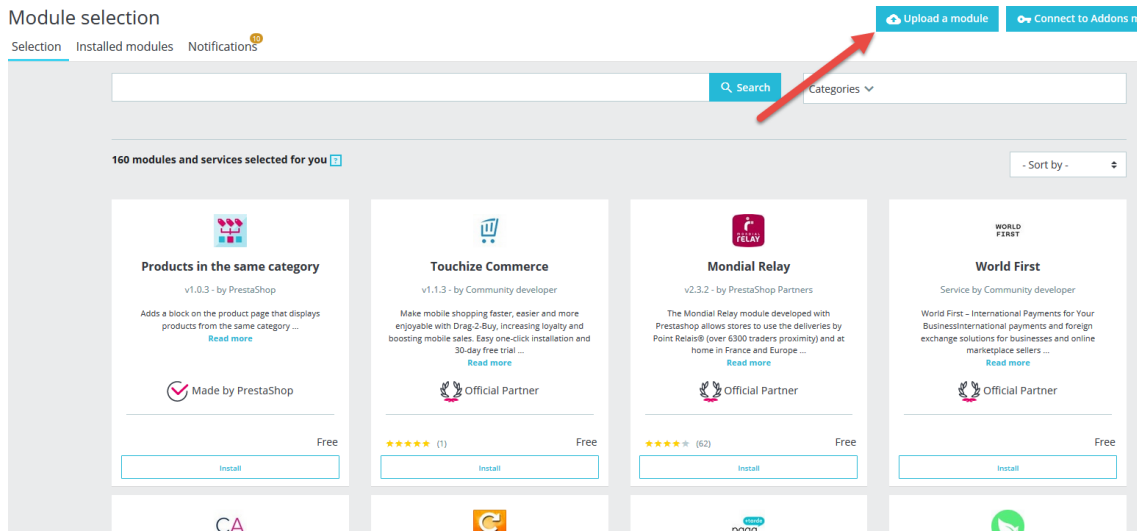

Content

1. Module installation	3
2. Configuration.....	4
2.1. Styles	4
3. Result example	5

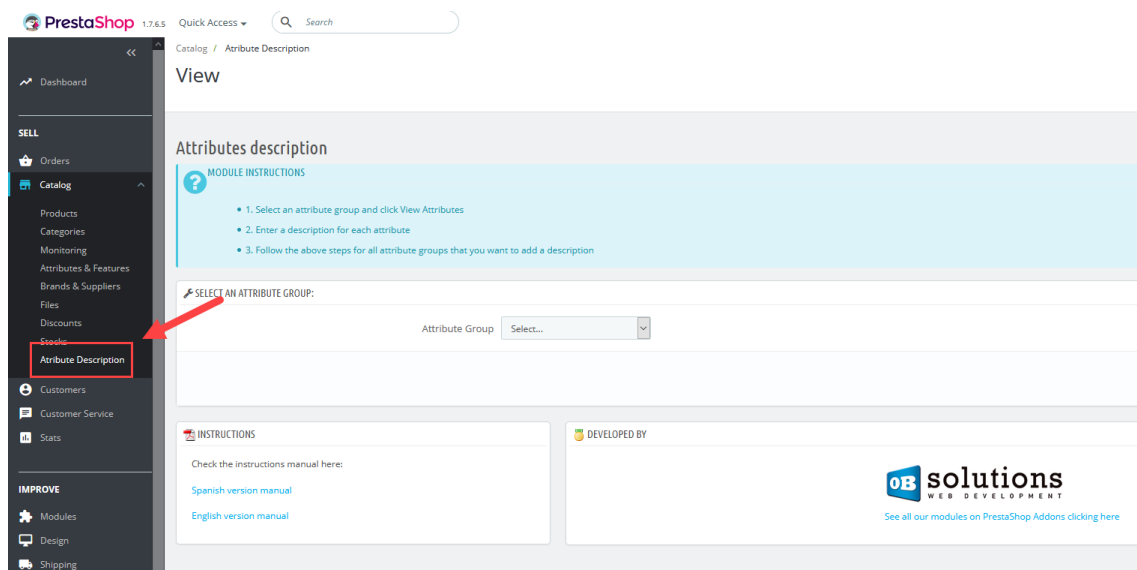

1. Module installation

To install the module you must go to **'Modules > Modules & services'** tab of Prestashop's Back-Office and select **'Upload a module'**. It will open a window where you should select the ZIP file that you have downloaded after buying this product and once selected you must press the button **'Upload this module'**.

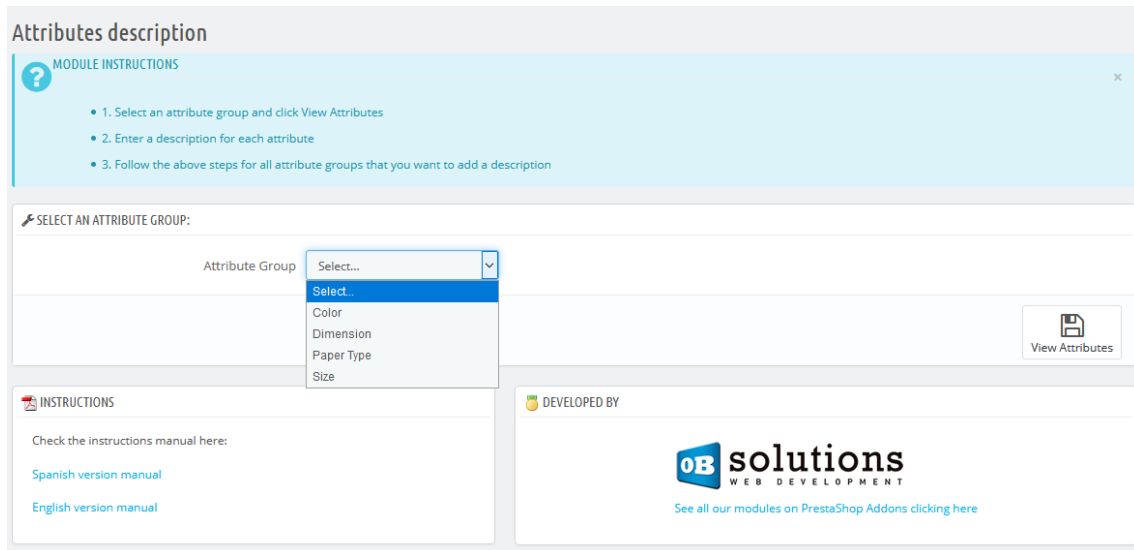

Once installed, you must click "Configure" and you'll access the module's configuration.

You can also access the attribute configuration from the 'Catalog - Attribute description' menu:

2. Configuration

Once inside the settings, you will find a dropdown with all the attributes of your store. Choose the attribute you want to add descriptions to and click 'View Attributes':

Attributes description
